

TO: GLAD Developmental Task Force and GLAD District Committee

FROM: Mary Moore and Keith Mason

DATE: August 3, 1995

RE: Minutes from July 27<sup>th</sup> meeting

On Thursday morning, July 27<sup>th</sup>, the GLAD Developmental Task Force met with representatives from throughout the district who were attending General Conference. Attendees were asked to provide the committee with suggestions / concerns that would assist our district in more effectively meeting the needs of the local churches. The following are suggestions that were brought forth from the discussion:

- More input from COL at the district and local church level
- More concerted effort to get delegates to conferences
- Develop a directory of workshops already available in the GLAD
  - (ex. Glenna has a person who can do conflict / resolution training)
- Share forms among churches for various forms of communication
- Share fund raising projects
- Develop a system of room sharing across the district for conferences
- Investigate ways to utilize the Church starter kit provided by the COL
- Find a place to store materials, videos, etc... in the district that can be
  - checked out by local churches
- Create officer with job responsibility for organizing and coordinating
  - checkout of above mentioned materials
- Provide a full time assistant for the District Coordinator
- Utilize computers for on-line distribution of materials
- Network churches to assist each other with hardware / software needs
- Underwrite musicians to attend music and district conferences
- Share musicians and music libraries of churches with other churches
- Organize a GLAD Choral Festival

Sponsor a UFMCC Music Ministry Conference in our district

Thematically structure district conferences where all workshops etc...  
are geared to a specific topic

Provide workshops on music ministry, serving on the church board  
of directors, and duties of the lay delegate & alternate

Provide counselor or psychological services district-wide for pastors,  
lay pastoral leaders and student clergy

Provide a retreat for pastors / lay pastoral leaders in the district (ex.  
Asheville Retreat Center)

Weekend for pastors - each church could provide one relaxation  
weekend for a pastor / lay pastoral leader within the district

Provide training for local board of directors for completing pastor  
evaluations and review packets

Idea - Teddy Bear Ministry - pass bear through church during service  
everyone lays hands on and prays, then send it to someone in need

Train a team(s) to deal with conflicts in churches

Train each church board of directors in conflict / resolution

Include training in conflict / resolution as part of student clergy  
process

Develop two starter teams to provide training for board of directors

Bring conflicting parties to a "conflict center" for mediation

Churches should support activities provided by other churches within  
the district by attending

Start a travel pool within district to scholarship delegates of smaller  
churches to attend conferences - each church would contribute \$10  
per month to the pool
